

Cambridgeshire and Peterborough Children and Young People's Health Services

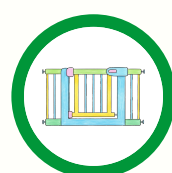

6-8 Week Visit

An opportunity to talk about your growing baby and family wellbeing

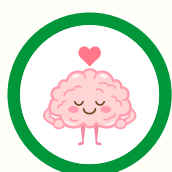

We will be able to offer advice and support on the following topics:

Home safety

Immunisations

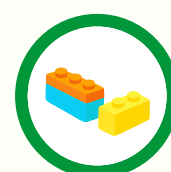

Growth and development of baby

Parents wellbeing

Infant feeding

Play and stimulation

This 6-8 visit is in addition and often around the same time as the GP 6-8 week check and baby's first immunisations. Our staff will offer advice and information as needed and talk about next steps and local support available.

You will receive an invitation from our service before your baby is 6 weeks old. If you have not heard from us by then, please contact us (see details below).

For more information or to contact us, please visit our health visiting website: cambspborochildrenshealth.nhs.uk/hcp or scan the QR code.
